

When you depend on speed, precision, and coordination, what collaboration solutions are up to the task? Email is slow and segmented. Non-compliant apps like Signal, WhatsApp, GroupMe, and Telegram come with significant risks and inefficiencies.

Genasys Connect is the secure communication and collaboration platform tailored for public safety agencies. Enhance RTCCs with real-time intelligence sharing and rapid coordination, and see why CONNECT is known as the “Mobile Regionalization Platform.”

Why Connect for RTCCs?

- **Compliant:** Meets all FBI CJIS mandates
- **Unlimited Collaboration:** Seamlessly connect RTCC personnel with detectives, command staff, officers, and other external partners without additional license fees.
- **Share Live Bulletins:** Create, edit, and share collaborative bulletins within the app.
- **Secure Sharing:** Share BOLOs, camera feeds, reports, EverDocs, and more across jurisdictions with audit trails and role-based access.
- **Critical Incidents:** Dedicated chat channels during major incidents or events.
- **Guest Access:** Invite neighboring agencies, federal partners, or vetted stakeholders instantly.
- **Crime Clearance:** Enables faster coordination between analysts and investigators, reducing time-to-clear and supporting data-driven policing.
- **Mobility & Compatibility:** Supported on all device types.
- **Limitless Data:** Bypass email attachment limits with unrestricted file sharing.
- **Global Search:** Removes data silos; Search across entire platform in seconds.

“We rely on Connect for daily communication across all levels of our agency. When we launched our RTIC, it was immediately clear that Genasys Connect was the perfect platform for our team to share critical information. It's transformed how we disseminate officer-safety alerts, threat intelligence, wanted persons, and crime trends - not just internally, but across dozens of partner agencies. This is the future and this program is changing our efficiency model. Connect is an essential part of our department's success in this area.”

Chief Chris Polen, Vacaville Police Department
